GENERAL INFORMATION

All positions are open for application with the release of this document.

APPLICATIONS CLOSE: 11:59pm, 1 March 2017*
No late applications will be accepted.

***Global Health Short Course applications close at 11:59pm, 22 February 2017.**

Please see the Applications section for how to apply for each position. If you have any questions about roles, please email the coordinators, officers or chair(s) as listed.

Applicants will be informed of the outcome within 2 weeks of the close of applications.

Thank you for consideration and enthusiasm to be a part of WAMSS and its subcommittees in 2017. We look forward to reading your applications and wish you the best of luck.

WAMSS ELECTIVE & EXCHANGES

Western Australia hosts many international medical students each year who come to Perth to undertake their electives at the major teaching hospitals. These placements are organised through both the Faculty and through WAMSS, via the WAMSS Elective and Exchange Officer (WEEO). WAMSS students also participate in a similar scheme, undertaking electives all over the world through the International Federation of Medical Students' Associations (IFMSA). The WEEO and their subcommittee are responsible for coordinating the annual WAMSS Electives and Exchanges Photography Exhibition and launch night which showcases final year student's elective photographs

ROLE DESCRIPTION AND RESPONSIBILITIES

The WEEO is responsible for coordinating all activities associated with electives and exchanges within the scope of WAMSS, as outlined below. A subcommittee of 3 people is selected each year to work with the WEEO and assist in this process, working on 3 main areas:

1. Incoming students
    a. Liaising with the faculty to arrange hospital placements for students coming to Perth to do a 4-week exchange
    b. Organising accommodation for students while they are in Perth
    c. Welcoming and looking after the students during their time in Perth (e,g. social outings, regular contact)

2. Outgoing students from UWA
    a. Receiving applications for IFMSA exchanges from UWA students and facilitating overseas exchanges

3. Elective & Exchanges Photography Exhibition
    a. Plan and coordinate the WAMSS Electives and Exchanges Photography Exhibition and launch event
        i. One member of the subcommittee's role will predominantly be responsible for coordination of the exhibition and launch event – please indicate in your application if you are particularly interested in this role, however all applicants will be considered for all available positions
    b. Liaise with the Faculty and Lawrence Wilson Art Gallery in the organisation of the event

DESIRABLE APPLICATION CRITERIA

- Experience in event planning with particular enthusiasm in photography
- Interest in overseas clinical experiences

APPLICATIONS

To lodge your application, please submit a document including the following to weeo@wamss.org.au:

1. Your name, year group in 2017, phone number and student email.
2. Statement of motivation (500 words) covering:
    a. Reasons for wanting to be involved with WEEO
    b. Previous experience relevant to the WEEO subcommittee
    c. Ideas for the WEEO subcommittee and role in general

Applications close 11:59pm, 1 March 2017. No late applications will be accepted.

Any questions about the application process, or subcommittee roles can be directed to the 2017 WEEO, Jillien Loh, at weeo@wamss.org.au.

WAMSS FOUNDATION

The WAMSS Foundation is an advisory body comprising of up to ten members, whose objective is to propose, research and draft feasible long-term plans for the operations of the Association. In 2016, the Foundation worked on projects including the return of assets policy, the WAMSS history project, the collection of WAMSS metrics and assisted with the WAMSS' 70th Anniversary celebrations. The WAMSS Foundation in 2017 will be concerned with devising strategy to maintain institutional memory, financial sustainability, event attendance and committee participation within the Association. Members will be able to serve a two-year term on Foundation with the option of reapplying. Members who graduate with time remaining will have the option of serving the remainder of their term after graduating.

ROLE DESCRIPTION AND RESPONSIBILITIES

1. Applicants must be a currently enrolled medical student at UWA. Students taking a gap year during the course of their medical degree are eligible to apply. Applicants may be members of the WAMSS Committee, but not members of the Executive.
2. All members will be expected to be available for a minimum of four meetings during the year, and will be expected to complete tasks as designated by the Foundation Chair.
3. Members will work in collaboration with the Foundation Chair and other members of the Foundation Committee to ensure its objectives are carried out, these include:
    a. Researching and drafting feasible long-term plans for the operation of the Association at the instruction of the WAMSS Committee or Executive
    b. Acting as an advisory council for the Association

APPLICATIONS

To apply, please send a document of no longer than one (1) page to foundation@wamss.org.au addressing the following:

1. Your name, year group in 2017, phone number and student email
2. Why would you like to be a part of the WAMSS Foundation?
3. What ideas/thoughts do you have for the Foundation in 2017?
4. What relevant experience can you bring to the Foundation?

Applications close 11:59pm, **1 March 2017**. No late applications will be accepted.

Any questions about the role, requirements, projects or applications can be directed to the 2017 WAMSS Foundation Chair, Harry D'Souza at foundation.chair@wamss.org.au.

STUDENTS IN HEALTH AND MEDICAL RESEARCH CONFERENCE (SHMRC)

The Students in Health and Medical Research Conference (SHMRC) is an evening research symposium showcasing research from students of the University of Western Australia's Faculty of Medicine, Dentistry and Health Sciences. Since its establishment in 2007, SHMRC has developed into a distinguished research conference where students present research that is both inspiring and innovative. The symposium gives student researchers the opportunity to share their research with clinicians, researchers, fellow students and the WA health community, as well as receiving meaningful feedback from expert researchers.

ROLE DESCRIPTION AND RESPONSIBILITIES

The following positions are available:

Research Officer

- Prepare submission guidelines and acceptance criteria
- Liaise with students in the submission of abstracts and posters
- Contact judges for involvement in the event

Sponsorship and External Officer

- Contact and liaise with potential sponsors
- Compile applications for funding and the prospectus
- Prepare and manage SHMRC budget and work with the WAMSS Treasurer

Events and Logistics Officer

- Organise venue and catering
- Event management, logistics and timeline

Publications and Marketing Officer

- Promote the conference to potential presenters and delegates
- Update and maintain the SHMRC website
- Develop conference handbook and related material

APPLICATIONS

Applications are open to any medical student at UWA.
Applicants may apply for more than one position.

To apply, please email shmrc@wamss.org.au a document addressing the following:

1. Name, year group in 2017, phone number, student email and the position(s) for which you are applying.
2. Why you would like to be part of the SHMRC subcommittee?
3. Why you think you are best fit for the position(s), including any relevant experience/skills that you can bring to the team?
4. What ideas do you have for the role(s)?

Applications close 11:59pm, 1 March 2017. No late applications will be accepted.

Any questions about the role, requirements or applications can be directed to the 2017 SHMRC Convenor, Yael Friedland, at shmrc@wamss.org.au.

WAMSS MENTAL HEALTH

WAMSS Mental Health is the mental health awareness and student wellbeing subcommittee of WAMSS. Throughout 2017 WAMSS Mental Health will be running a variety of events promoting medical student self-care, as well as implementing national initiatives like the AMSA Mental Health Campaign at a local level, and advocating for mental illness education and discussion in the general community.

We are seeking passionate, dedicated individuals to join us in 2017. Applications for a subcommittee role are open to any medical student at UWA.

ROLE DESCRIPTION AND RESPONSIBILITIES

The following positions are available:

Secretary
The WAMSS Mental Health Secretary handles the general administration duties of the subcommittee. This includes organising subcommittee meetings, recording and distributing meeting minutes, and monitoring committee member tasks and duties. In addition, the Secretary shares responsibility for general promotion of the WAMSS Mental Health aims and the planning and realisation of our events and campaigns.

Treasurer
The WAMSS Mental Health Treasurer is in charge of account keeping and management of finances. This involves liaising with the WAMSS executive, assisting with budgeting for events, and in negotiating contributions with regards to events hosted by more than one party. In addition, the Treasurer will have general committee duties including contributing to the year's events and campaigns, and general promotion of the WAMSS Mental Health aims.

Promotions Officer
The WAMSS Mental Health Promotions Officer is in charge of ensuring the Mental Health arm of WAMSS achieves the optimum amount of publicity within the medical and general community. This includes creating advertising material for our events, as well as promoting ongoing mental health campaigns and sharing pertinent mental health news. In addition, the Promotions Officer will assist in the general tasks of WAMSS Mental Health.

Events and Logistics Officer(s)
The WAMSS Mental Health Events and Logistic Officer is involved with the practical duties involved with running the best events possible in 2017. This involves

coordinating venues, speakers, catering and sponsorship opportunities. Additionally, they will have a creative role in helping to plan and design new and exciting events, and be involved with promoting the general aims of WAMSS Mental Health.

Advocacy Officer(s)

The WAMSS Mental Health Advocacy Officer will be particularly concerned with ensuring all UWA medical students are aware of the mental health resources available to them, and with implementing wider mental health initiatives at a local level. This will include coordinating the distribution of practical resources to UWA medical students, such as the *Keeping Your Grass Greener* guide, as well as sharing responsibility for the general promotion of WAMSS Mental Health aims.

WAMSS Mental Health First Year Representative

The WAMSS Mental Health First Year Representative is in charge of advocating WAMSS Mental Health aims and promoting events to first year medical students. They should be passionate about mental health and ensure first year students are aware of the mental health resources available to them. They should be committed to understanding the mental health requirements of fellow students during the transition into medicine.

APPLICATIONS

To apply, email mentalhealth@wamss.org.au with a statement (500 words) addressing the following:

1. Your name, email address, year group in 2017 and the role(s) for which you are applying
2. Why you would like to be a part of the WAMSS Mental Health Subcommittee in 2017
3. Any relevant experience that you can bring to the team
4. Any ideas you have for WAMSS Mental Health in 2017

Applications close 11:59pm, 1 March 2017. No late applications will be accepted.

Any questions about the role, requirements or applications can be directed to the 2017 WAMSS Mental Health Co-Chairs, please contact Saumya Rajgopal and Lipi Chakravorty at mentalhealth@wamss.org.au

Applications for all positions (excluding GHSC) are due at **11.59pm 1 March 2017.** GHSC Applications are due at **11.59pm, 22 February 2017.** No late applications will be accepted.

This year, subcommittee applications for each project have been streamlined to be completed at the same time. Specific subcommittee role descriptions can be found below.

You are invited to apply for **more than one subcommittee!** We're looking for enthusiastic, interested and inspired students. If you have passions in many areas, we hope your application will reflect this.

Interhealth seeks to educate, inspire and empower students towards practical solutions to global health inequalities. Our wide-ranging projects deal with issues including HIV/AIDS, poverty, refugee and asylum seeker health, international development and education. The struggle for global health equality is an exciting, growing movement among Australian students – and we want you to join us!

Interhealth is currently looking for passionate students to join us in working towards social equity and the advancement of global health. Through Interhealth, you will have the opportunity to be involved in vibrant subcommittees, organise local and global projects, attend conferences and workshops, engage in education and training sessions and make a meaningful contribution to global health. If you're interested in getting more than just a degree from your university experience we strongly encourage you to apply!

EVENTS AND LOGISTICS OFFICERS

The Events and Logistics Officers do not sit on any specific sub-committee, instead their role is to assist all the Interhealth committees with the preparation and running of events. This role will require a person who is available to attend all Interhealth events. You would be required to assist with any logistical requirements, including picking up drinks on the way to the venue, taking attendance at events and liaising with external stakeholders. If you are waiting for an opportunity to taste-test all of the committees on Interhealth, then this role is perfect for you!

ROLE DESCRIPTION AND RESPONSIBILITIES

- Co-ordinate the operation of Interhealth booths, including set-up and pack-up at each Interhealth event
- Work with Project Coordinators to assist in procuring catering within a specific budget, and collection of catering
- Assist with preparation, cooking and selling at barbecues run by Interhealth
- Assist with the general running of events and be in reliable communication with the coordinators

Number of positions: 2

APPLICATIONS

See http://www.interhealth.org.au/2017-subcommittee-applications/ for application forms. Applications should be emailed to interhealth@wamss.org.au.

Applications close 11:59pm, 1 March 2017. No late applications will be accepted.

Any questions about the role, requirements or the application process can be directed to 2017 Interhealth Co-Chairs Gary Lau and Jessica Piggott, at interhealth@wamss.org.au.

GLOBAL HEALTH SHORT COURSE

Please note: Applications for GHSC are due 22 February 2017. Please complete the separate GHSC Subcommittee Application Form.

Global Health Short Course (GHSC) is a student driven campaign designed to promote global issues affecting the health of the world's population. GHSC aims to satisfy a gap in the need for a global health forum amongst students. Today, we are well recognised within Western Australia's global health fraternity as an avenue for fostering global health education.

To do this we bring inspiring speakers who are world and local leaders, and are enthusiastic about their field, to deliver an engaging presentation. We endeavour to select topics that may be controversial or poorly understood whilst still ensuring that important global issues are addressed. Presentations are followed by breakout sessions, where discussions and activities galvanize participants by providing further opportunity to engage with the content and explore how knowledge can translate to action.

ROLE DESCRIPTION AND RESPONSIBILITIES

The following positions are available:

Academic Officer(s)

- Assist the coordinators in forming the direction of each topic, arranging speakers and breakout sessions (contacting presenters, sourcing materials, liaising with other relevant Interhealth & external groups). This includes attendance at the initial brainstorming night. Each academic subcommittee member will be paired with a coordinator and you'll be responsible for two of the topics.
- Assist with academic-related tasks during GHSC (e.g. greeting speakers)
- Be available for the duration of GHSC 2017 (June 1-3)

Logistics Officer(s)

- Are responsible for the catering (contacting potential restaurants, working with the coordinators to decide on final options, ensuring smooth service of food)
- Attend the initial brainstorming night
- Work with the coordinators to ensure participants' attendance is recorded

- Working with external global health related groups to promote themselves via a booth, or something similar, during GHSC
- Be available for the duration of GHSC 2017 (June 1-3)

Media/IT/Promotions Officer(s)

- Multimedia/technology experience is essential, including the ability to use the lecture theatre equipment, as this role will require you to oversee all the technology requirements of the course
- Create visual media to promote the event, including information, flyers and posters (but not limited by your imagination!). This may include working with the Interhealth Management and Operations Officers to produce a short video clip encouraging participation at GHSC.
- Working with the coordinators to ensure social media is kept up-to-date
- Attend the initial brainstorming night
- Be available for the duration of GHSC 2017 (June 1-3)

APPLICATIONS

See http://www.interhealth.org.au/2017-subcommittee-applications/ for application forms. Applications should be emailed to interhealth@wamss.org.au.

Applications close 11:59pm, 1 March 2017. No late applications will be accepted.

Any questions about the roles, requirements or application process can be directed to the 2017 GHSC Coordinators, Kimberley Robinson and Lucy Davidson, at ghsc.interhealth@wamss.org.au.

CODE GREEN

Code Green is a project designed to tackle the health impacts of climate change. The project's goals are to educate medical students and health professionals about climate change and health, to reduce the emissions of Interhealth, WAMSS and UWA students, and to advocate for the greening of the health system. Code Green is a national project of AMSA Global Health and thus offers great potential for interaction with those around the country. Starting in WA, we have the experience, the expertise, and the know-how to be the standout Code Green program Australia-wide – all that is missing is you!

ROLE DESCRIPTION AND RESPONSIBILITIES

The following positions are available:

Administration Officer

The Code Green Administration Officer has a variety of roles including:

- Record keeping and minute taking at Code Green meetings
- Maintain and update 'to do' lists
- Maintain the Code Green Facebook page, particularly promoting annual events such as Meat Free Week and National Tree Day
- Be involved with the construction of Code Green blog posts

Events Officer

The Code Green Events Officer is chiefly responsible for the main Code Green event, the annual Green with Envy party. This year we will again be holding this event in collaboration with the Global Health Short Course. This role is also responsible for organising and coordinating a clothes swap event and National Tree Planting Day in conjunction with Subiaco Council. This role will involve:

- Budgeting for events
- Contacting sponsors
- Organising catering
- Assisting with the running of events

APPLICATIONS

See http://www.interhealth.org.au/2017-subcommittee-applications/ for application forms. Applications should be emailed to interhealth@wamss.org.au.
Applications close 11:59pm, 1 March 2017. No late applications will be accepted.

Any questions about the roles or application process can be directed to the 2017 Code Green Officers, Marney Bon and Alison Wills, at codegreen@wamss.org.au.

TEDDY BEAR HOSPITAL

Teddy Bear Hospital (TBH) is a community health project of Interhealth, with the aims of alleviating young children's anxiety over medical treatment and promoting healthy lifestyle messages. This is achieved through mimicking a visit to the doctor, with the child's teddy as the patient, the child as the parent and the student as the doctor. Students involved with TBH also benefit from improved communication and consultation skills. In 2017, TBH hopes to continue to build on previous years, with a number of school visits and two rural trips in the pipeline.

ROLE DESCRIPTION AND RESPONSIBILITIES

General roles of all TBH subcommittee members:

- Assisting in running school visits
- Participating in fundraising events
- Involvement in organising the rural trip

The following positions are available:

Secretary

- Taking minutes at meetings
- Organisation and maintenance of the TBH database/google drive
- Checking TBH emails regularly
- Collecting and organising official documents (WWCC, code of conduct, certificates of attendance, school permission forms)

Fundraising and Sponsorship Officer

- Contacting and liaising with sponsors
- Researching options for funding
- Coordinating TBH fundraising events (BBQs, bake sales, etc.)
- Acquiring promotional materials (TBH scrub tops)

Resource and Promotions Officer

- Involved in TBH budgeting
- Work closely with the fundraising and sponsorship officer
- Acquiring resources for school visits and other events
- Managing promotions and the public Facebook page

Events and Operations Officer

- A preclinical student (1st year MD or undergraduate) to assist in organising and running school visits
- Opportunity to independently run school visits in Semester 2
- Assisting with the organisation and running of training nights

APPLICATIONS

See http://www.interhealth.org.au/2017-subcommittee-applications/ for application forms. Applications should be emailed to interhealth@wamss.org.au.

Applications close 11:59pm, 1 March 2017. No late applications will be accepted.

Any questions about the roles, requirements or application process can be directed to the 2017 Teddy Bear Hospital Coordinators, Michelle Sherwood and Rhianna Clay at coordinators.tbh@wamss.org.au.

LINCS

LINCS (Local and International Needs Contribution Scheme) is a UWA medical student run charity that focuses on matching the surplus of unused medical supplies in WA with the growing need for medical equipment in developing countries. Medical students going on elective or exchange are perfect for transporting supplies to these under resourced hospitals. This will be an exciting year, as we will be holding many fundraising events such as sausage sizzles, bake sales and many more for you to get involved in. LINCS is looking for enthusiastic and passionate individuals who are willing to donate their time and effort for a good cause!

ROLE DESCRIPTION AND RESPONSIBILITIES

The following positions are available:

Inventory Officer(s)

- Updating and maintaining the inventory database
- Contacting potential sponsors and procuring medical equipment donations
- Organising collection of donated medical equipment
- Gathering and packing medical equipment for students going on electives
- Ensuring the warehouse remains clean and everything is accounted for
- Assisting coordinators when needed or during events

Number of positions: 2

APPLICATIONS

See http://www.interhealth.org.au/2017-subcommittee-applications/ for application forms. Applications should be emailed to interhealth@wamss.org.au.

Applications close 11:59pm, 1 March 2017. No late applications will be accepted.

Any questions about the roles, requirements or application process can be directed to 2017 LINCS Coordinators, Jonathan Chung and Nikki How, at lincs@wamss.org.au.

ZONTA

The Birthing Kits Initiative is a successful, gratifying and highly worthwhile project to be involved with. Through ZONTA International, we obtain supplies that are packaged into much needed 'Birthing Kits' by students before being sent off to rural/developing locations to dramatically improve child and maternal health. In 2016, over 1,200 kits were put together and the education component introduced in 2013 was successfully continued, educating medical and non-medical students about maternal health and teaching obstetric skills.

ROLE DESCRIPTION AND RESPONSIBILITIES

ZONTA Events Officers

The Events Officers will be responsible for organising ZONTA Events in conjunction with the project co-ordinators. Co-ordinating the logistics behind running ZONTA events including organising booking of venue, promotions, catering, run sheets and other relevant aspects. There will be two positions focusing on different events:

Position A:

- A major fundraising night for Birthing Kits (in 2016, this was the Prohibition Party)
- Bunnings BBQs – fundraising

Position B:

- Birthing Kit Assembly Nights
- Any separate educational events

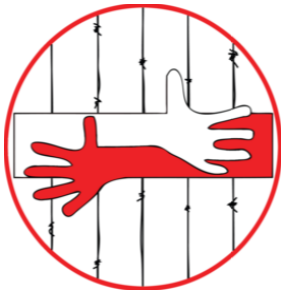
Candidates can apply for both positions with a single application. If they have a preference for either position, candidates may indicate it on their application. Successful candidates should have initiative and a proactive attitude, as well as a keen interest in being part of the ZONTA/Interhealth team. They will also need to be available to attend ZONTA events throughout the year, and experience organising events would be considered a bonus.

APPLICATIONS

See http://www.interhealth.org.au/2017-subcommittee-applications/ for application forms. Applications should be emailed to interhealth@wamss.org.au. **Applications close 11:59pm, 1 March 2017.** No late applications will be accepted.

Any questions about the roles, requirements or application process can be directed to 2017 Zonta Coordinators, Natasha De Agrela and Denise Doan, at zonta@wamss.org.au.

CROSSING BORDERS FOR HEALTH



Crossing Borders for Health (CB4H) is an international network of students whose mission is to remove barriers to healthcare for refugees, asylum seekers and undocumented migrants – through education, direct assistance and campaigning for policy change. Supported by the World Health Organization, CB4H is an initiative of the IFMSA (International Federation of Medical Students Associations) and currently runs in six countries, including several universities in Australia.

We are currently seeking fresh faces to join Interhealth's CB4H branch to assist in the running of various volunteering, advocacy, fundraising and education projects in 2015. In 2015, CB4H ran a number of successful events and programs including a quiz night, weekly soccer program at Perth Immigration Detention Centre, an education and cultural night and a book drive. In 2016, a new partnership with Ishar Multicultural Women's Health Centre was established. In 2017, we hope to build on this success while establishing a range of new projects – your passion and enthusiasm are essential.

ROLE DESCRIPTION AND RESPONSIBILITIES

The following positions are available:

Junior Soccer Facilitator

The major purpose of this role is to coordinate student participation in the Perth Immigration Detention Centre soccer program alongside the current 2017 Soccer Program Coordinator. The successful candidate will work with the Program Coordinator in promoting the program, orienting new volunteers, and regularly attending the program themselves. The successful candidate will be available to run the program in the summer of 2017/2018, and take over the role into 2018. This role will also include assisting, planning and carrying out major Crossing Borders for Health events, and any other duties as required. Successful candidates should be enthusiastic, organised, have good communication skills and be available most Tuesday evenings to participate in the weekly soccer matches.

Logistics Officer

This role will entail assisting in the running of various volunteering, advocacy, fundraising and education projects in 2017. This year we will be building on past projects such as contraceptive and health education workshops for refugees and asylum seekers. We are also looking at exploring some new projects which will require

the help of an enthusiastic sub-committee member to implement. We are looking for candidates who are willing and enthusiastic enough to run their own event, with the aid of the broader CB4H and Interhealth team. This role will encompass coordinating the monthly emails and scheduling of volunteers. Successful candidates should be passionate about refugee and asylum seeker issues, have good communication skills and be committed to the role.

Social Media Officer

The purpose of this role will be to expand the social media presence of Crossing Borders for Health UWA. This includes the promotion of our events in addition to staying up to date on current refugee news and world events in order to post from the Crossing Borders for Health UWA Facebook page. Our vision is for Crossing Borders for Health UWA to become a social media point of reference for all things related to refugee and asylum seeker health news. This role requires a passionate and motivated individual who is committed to advocating for refugee and asylum seeker health. Additionally, the successful candidate will be required to work with the Logistics Officer to ensure the smooth running of Crossing Borders for Health events.

APPLICATIONS

See http://www.interhealth.org.au/2017-subcommittee-applications/ for application forms. Applications should be emailed to interhealth@wamss.org.au.

Applications close 11:59pm, 1 March 2017. No late applications will be accepted.

Any questions about the roles, requirements or application process can be directed to 2017 CB4H Coordinators, Ariya Alimoradian and Ailsa Brown, at crossingborders@wamss.org.au.

AMSA ADVOCATES

AMSA is a strong advocate for refugee and asylum seeker health. AMSA is currently campaigning for the federal government to:

1. Implement a legally binding limit of 90 days for refugees and asylum seekers in onshore and offshore detention.
2. Introduce an independent oversight of Australia's processing of refugees and asylum seekers and establish an independent national health body to investigate and advise on the health needs of refugee and asylum seekers under Australia's care.

AMSA Advocates is a program that aims to train medical students in global health advocacy with a strong focus on these issues. This program is looking for medical students with knowledge, skills and attributes to advocate to politicians about refugee and asylum seeker health in different electorates around Perth. The course will be run in three stages:

1. Online course which will introduce students to refugee and asylum seeker health and the basics of advocacy.
2. In-person workshop to learn the skills required to write, phone and speak to MPs (approximately 4 hours).
3. Ongoing mentorship throughout the year.

If you are interested in refugee and asylum seeker health or want to learn how to advocate for health issues, please consider applying for AMSA Advocates. Open to all UWA and Notre Dame medical students. No prior experience is necessary.

APPLICATIONS

Apply here: http://goo.gl/forms/ldgfalqb2r.

Applications close 11:59pm, 1 March 2017. No late applications will be accepted.

If you have any further questions please do not hesitate to contact Interhealth's 2017 Education and Advocacy Officer Shyamini Naidu at education.interhealth@wamss.org.au.
