

## **WAMSS Associate Members Subcommittee**

The WAMSS Associate Members Subcommittee will play an integral role in working with the Undergraduate Communications Officer to organise events for WAMSS associate members throughout the year. With more events planned for 2018, the team will work towards building engagement with our associate members, and increasing our membership base.

We are looking for four individuals that are hard-working, enthusiastic and willing to be part of a fun-learning environment. This is an exciting opportunity for undergraduate and pre-medical students to be part of WAMSS and meet some fantastic people along the way! You will also receive valuable experience in working in a subcommittee and organising events throughout the year.

**No experience is required for any of these roles!**

### **POSITION DESCRIPTIONS**

#### **Logistics**

Our logistics team member will focus on a range of tasks including marketing, social media and posters. They will also provide support to the academic and social members in organising events. Applicants should be adaptable to various roles and be ready to learn new skills.

#### **Academic**

This role is for an individual keen about organising medical events for their fellow students! This will include events such as suturing and plastering workshops as well as educational seminars by medical professionals.

#### **Social**

This role will focus on organising a range of social events for members throughout the year. The type of events are up to the Associate Members Subcommittee and UCO, but could range from movie nights to quiet drinks at a bar.

#### **First Year Associate Members Representative\***

This individual will play a key role in introducing their fellow first years to WAMSS and our events. They will facilitate communication between the freshers and WAMSS as well as representing their peers.

*\*Only open for students beginning their first year of studies at UWA*
